

WEEKLY UPDATE

September 25, 2020

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. We are happy to report that we continue to have no confirmed cases of COVID-19 in our facility. Since the onset of the virus we have had 61 residents and 24 employees to test positive for COVID-19. At the guidance of CMS, we are continuing surveillance test of all staff members twice weekly and testing residents only if symptomatic.

Hallmark has submitted our plan for outdoor visitation to DHEC, and are eagerly awaiting the approval of our plan. We understand how hard the pandemic has been on both our residents and families when it comes to the discontinuation of visitation at the facility. We look forward to you all being able to visit with your loved ones in the near future. We will send out a letter to all responsible parties, that will outline all of the policies and procedures that we will have in place to make sure our residents and staff remain safe.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 843-821-5005.

Sincerely,

Gwendolyn Robinson, LNHA
